### Prayer for the Nations: Senegal (Africa)\*

- There have been violent clashes in the southern Casamance region between the army and rebels who want the area to be independent from Senegal.
- 80% of the population belong to three powerful Muslim groups. The Mourinde Muslims operate like a separate country and have strong trade links around the world. Muslim leaders have a significant influence over all aspects of Senegal life - and few people would make decisions without consulting their towns marabouts (holy men).
- Senegal has been one of the most successful African soccer teams ever in the Japan Korea World Cup 2002 - reaching the quarter finals.
- There is a lot of freedom and tolerance different religions in Senegal - which is amazing in such an Islamic land, but only a few Muslims have ever become Christians.
- Senegal is desperately in need of more Christian workers - there are no more than 100 full-time Christian workers across the whole country. Pray that more leaders with a heart for discipleship and evangelism can be trained and released.
- A quarter of the population live in the capital Dakar - Christian groups are slowly growing - it is a real opportunity for reaching all of the different ethnic groups of Senegal spreading Christianity across the country.
- Six new translations of the New Testament have been finished in the languages of the most unreached people in Senegal.

For thou art the glory of their strength: and in thy favour our horn shall be exalted. For the LORD is our defence; and the Holy One of Israel is our king. (Ps 89:17,18)

"...Because you have seen me, you have believed; blessed are those who have not seen and yet have believed." John 20: 29 (NIV)

## Reappearing Act

Today was normal as any other day. You follow your normal morning routine and rush out of the house for work or school. As you head to your car, something catches your attention from the corner of your eye. You look closer and see the face of Jesus on the glass window. WHAT?!

What would you do? What would your first reaction be? Would you look around to see if it was a joke? Maybe you were being punk'd? Perhaps you don't have time to entertain this so you shake off your thoughts and wipe the window. The image no longer remains and you continue with your day.

The following day, the same image of Jesus appears again. How would you feel this time? Would you phone a friend?

Dear brothers and sisters, this scenario happened in real life to Jim Stevens who resides in Johnson City. An image of a bearded man has now been appearing on the glass window of his truck for about two weeks now. Jim is not a religious man but is curious as to why this image that resembles Jesus keeps reappearing. He decided to not wash his truck for a while.\*

Some may say it's a joke or doubt that the image is actually of Jesus Christ. Regardless of what the truth may be, do we see him in our every day lives?

Jesus is there every hour, every day of every year. We are taught that in Sunday School and have often been reminded about it through sermons. How many of us really grasp the magnitude of Him just being there with us? It's absolutely incredible to know that if you run to Him, He is waiting for you with open arms. We don't need to present a case before we approach Him or have a lawyer represent us.

Jesus Christ paid the price by laying down His life for the world who constantly rejects Him. Wow...love so amazing!

Let's take a moment to reflect on our own lives and see where we stand with Him. Some of us are walking ahead of Him while others follow His glimpse. No matter where we are, if we give Him our time, we will be walking with Him daily.

Don't be surprised if He appears on your car window this week. 😊

God bless,  
Shirley Abraham
